Are you planning a party, social gathering or business promotion? Would you like your guests to enjoy interesting and funny entertainment that provides a personal souvenir of the event? Why not have artist Vince Ornato draw caricatures of your guests right before your eyes?

Vince has drawn more than 50,000 people at events of all types for over 20 years. He even appeared on a live broadcast for ESPN TV! Well known for getting a strong likeness in a short time, Mr. Ornato will draw over 20 finished caricatures an hour, suitable for framing!

At parties large and small, Vince's drawings have people leaving with a smile. At the most elaborate gathering of adults to the smallest children's party, an interesting and fun atmosphere is created as the crowd forms to watch the artist work. People are amazed when they see their friends and family "immortalized" before their eyes. Guests keep the drawings as a fond memory of the event for years to come. (The caricatures can be photocopied later and given to friends and relatives!) "Some of the children I have drawn now have kids of their own who get to see the drawing," says the artist. Family members have also told Vince how
